RE: **2019 NAEC Contractors' Choice Award**

Our Supplier members, particularly our Exhibitors, are a crucial element to the continued success of our Association. Yes, we are the National Association of Elevator Contractors. In truth, we are a partnership - a partnership committed to growing our member businesses and their Association. Without this partnership and the commitment of our Suppliers, NAEC would be a very different organization indeed. Ten years ago, we began a tradition of recognizing our Contractors' Choice of the Year Award. The Committee received many nominations, and we are delighted to now request your ideas for the 2019 Award.

The criteria for this recognition is outlined on the attached form. This is an opportunity for the Contractor members to identify a Supplier member who stands out, a company that makes a difference, a company that deserves a hearty "thank you" from its customers and the Association.

Let us hear from you. Submit your completed Contractors' Choice of the Year nomination and let's take the opportunity to recognize a company that warrants receiving this kind of award.
