See You Online September 14-16!

INSIDE THIS ISSUE:
Message from the President
2020 UNITED Virtual Convention & Expo
MEMBER SPOTLIGHT: RBN Insurance Services
NAEC News / Industry News / Industry Calendar
Dear fellow NAEC Members,

Even in these challenging and uncertain times of COVID-19, the time still passes by quickly. I personally cannot believe this will be my last letter in the Mainline as your President.

I would like to start by thanking the NAEC in-house staff for handling the COVID challenges as well as the departure of our past Executive Director with the utmost professionalism, selflessness, and dedication in which they all proceeded. It reminds me of when I first joined NAEC as a member in 1993 and the many dedicated members and staff in which I met 27 years ago. It is truly an honor to serve as the President of this fine organization.

As you know, the UNITED Convention & Expo has shifted to a virtual platform. This was not an easy decision or task. While we made all attempts to keep all suppliers up to date with these changes, the navigation of this platform was, and is, a challenge. I would like to sincerely thank all suppliers for your understanding and patience during these times as well as your continued support.

Our vision and mission here at NAEC will help create smarter, safer, and more talented personnel to the elevator industry. I ask all members to put forth your best efforts to take advantage of the great programs such as CET, CAT, QEI, VTMP, NexGen, group health insurance, etc. These great programs combined with other education and networking opportunities will help you grow your business.

I am extremely proud of my new friends and fellow Board members who have contributed so much during my term as President. Michael Frecking, Robert Barber, Rick Gable, James Boydston, Chuck Sharp, Jeff Eaton, Rene Hertsberg, Kevin Flotten, Hope Evans, Cece Matot, Ryan Coley, LJ Blaiotta, John Dodds, Cornelius Walls, Tom Thompson, Gary Schuette, and the list goes on... I urge all members to join in and become committee members, Board Members or even volunteer some time to help educate others at our conferences! This is a very rewarding way to give back to the GREAT industry that has provided so much for so many.

In closing, Thank you all for allowing me to represent the NAEC as your President. It has been a challenging, rewarding, and humbling experience which has helped me become a better elevator man, but more importantly, a better person.

I wish you, your family, and your team a safe and healthy future.

Enjoy your summer and I look forward to seeing you soon.

Sincerely,

Donald Gelestino
President
REGISTRATION IS NOW OPEN!
JOIN US ONLINE SEPTEMBER 14-16!

Trade Show - FREE
Trade Show + Education - $95

Registration is NOW OPEN for the 2020 UNITED Virtual Convention & Expo!
The Canadian Elevator Contractors Association (CECA), Elevator U, International Association of Elevator Consultants (IAEC), and National Association of Elevator Contractors (NAEC) proudly host the first ever UNITED Virtual Convention & Expo on September 14-16!

Online events are not new, but converting a large expo into a remote event is a novel idea for UNITED. Due to the big changes we have in the show this year, the Virtual Trade Show is FREE! Registration is required.

Education: To include 15 hours of Educational sessions to your virtual event experience, there is a fee of $95. For those who are looking to fulfill their continuing education credits for Certification, please make sure you select the Educational add-on for $95.

Register by August 7 and be entered into a raffle to win one of FIVE FULL REGISTRATIONS for the 2021 NAEC Convention & Expo in Atlantic City, New Jersey, September 20-23. Attendance at the Virtual Event is required to qualify for the raffle.

Register by September 1 and receive a UNITED Gift Box prior to the event. Gift boxes will include items that would have been available at the live event in Houston. Attendees who purchase the Educational sessions will receive bonus items.

REGISTER TODAY!
Visit unitedconvention.com for event info. For Registration questions, contact Britnee@naec.org.

SCAM ALERT! Use or distribution of any data relating to NAEC databases, including, but not limited to membership information, exhibitors information, officers, staff, contact details, or any information regarding NAEC is NOT authorized. Contact Britnee@naec.org if you have been approached or suspect any suspicious activity.

Interested in Exhibiting?
The 2020 UNITED Virtual Convention & Expo is a unique platform that will give exhibitors a new level of approach to communicate your message quickly and effectively by exhibiting your products and services to a mass online audience. View the exhibitor packages, or contact Tripp Cook at Tripp@naec.org.

Sponsorship Opportunities
Get your brand visuals in front of large audiences and make solid connections! Build credibility and authority around your business! Become a sponsor at the 2020 UNITED Virtual Convention & Expo! View the opportunities, or contact Tripp Cook at Tripp@naec.org or at 770-760-9660.

2020 Renewal Reminders

Membership Renewals are now due. To be included in the 2021 Membership Directory, membership must be current. Contact Britnee at Britnee@naec.org if you did not receive a notice.

CET/CAT Candidate Renewals are now due. Contact Kathy at Kathy@naec.org if you did not receive a notice.

GA Legislation Update

Georgia Senate Bill 377, a BILL to be entitled an Act to amend Code Section 8-2-102 of the Official Code of Georgia Annotated, relating to inspections, so as to reduce the number of required annual elevator inspections; to repeal conflicting laws; and for other purposes, was signed by the Governor on June 30, 2020.

SB 377/AP “(a)(1) Power passenger elevators, power freight elevators, escalators, manlifts, and moving walks shall be inspected once during each 12 month period; provided, however, that the inspection of such equipment where found within facilities governed by Article 2 of Chapter 9 of Title 32 shall occur once during each six-month period.”

VIEW THE BILL.
COMMITTEE UPDATES

Education & Safety Committee:

The NAEC Education and Safety Committee met via Zoom on July 23, 2020. This dedicated group of volunteers is responsible for the development and maintenance of educational programs and keeping members informed regarding safety developments. During this meeting, the committee reviewed applications for continuing education for CET & CAT certification credit and the NAEC CAT Training program curriculum revisions. The committee discussed the recent collection of the NAEC US Contractor Member OSHA 300 and 300A data. The committee is currently developing a poster to highlight the 9 Safety Absolutes for distribution to the membership. Also approved during the meeting, the modification of using a CET-S to administer the CAT program skills.

OSHA QUICKTAKES NEWSLETTER

On behalf of the Education & Safety Committee, please view the OSHA Quicktakes Newsletter for up-to-date information on enforcement actions, rulemaking, outreach activities, compliance assistance, and training and educational resources.

VIEW THE LATEST ISSUE

NexGen Committee:

The NAEC NexGen Committee met via Zoom on July 22, 2020. This enthusiastic group of young industry professionals are responsible for bridging the gap between the next generation of industry leaders and current industry leaders. During this meeting, the committee selected a taskforce to construct a new marketing video for the group. This video will showcase the benefits of joining NexGen. Also, the committee has been diligently working with staff on education topics for the upcoming retreat that has been postponed until 2021. New dates for this retreat will be available soon, so stay tuned!

In a world of social distancing and businesses becoming remote, now is the time to enroll in NAEC’s NEXT LEVEL OF TRAINING – The Vertical Transportation Management Program (VTMP). Designed by VT industry professionals, VTMP graduates will gain basic knowledge of business practices and technical appreciation specific to the elevator industry all from their home. NAEC’s VTMP is designed for new hires and field to office employees to simplify the onboarding process, facilitate promotional opportunities, and streamline in-house training demands. With more time at home, this is Time Well Spent.

Visit the VTMP webpage, or contact Jessica Moon at Jessica@naec.org, or at 770.760.9660, for more information.
MEMBER SPOTLIGHT

RBN INSURANCE SERVICES

RBN History

Since our founding in 1993 by brothers Bruce Scodro and the late Rich Scodro, RBN Insurance Services (“RBN”) has been family-owned and managed. RBN provides commercial insurance, employee benefits, and personal insurance products for middle-market businesses and their leaders across the United States. We excel in working with higher-risk, higher-complexity operations where our insights can be differentiating.

RBN Competitive Advantage

The trust of our clients and business partners is critical to our success, and we seek to build that trust through every interaction. We are committed to building long-term relationships with our clients, carrier partners, and team members. We are proud of our second place ranking in Business Insurance’s 2019 Best Places to Work.

Elevator Insurance & Risk Management Specialists

- Expertise in the insurance needs of elevator-related businesses
- Tailored insurance and risk advisory programs specialized to suit clients’ needs
- Access to admitted and non-admitted carriers with the ability to handle substantial limits
- Responsive claims and risk management staff with quick turnaround on certificates
- Knowledge spanning a broad range of services, risks, and company sizes

Elevator Team Leader, Matt Dennett

RBN’s Elevator Team leader, Matt Dennett, is well-known within the industry with over 13 years of elevator experience. Matt is a long-term member of the National Association of Elevator Contractors (NAEC) and the Chicago Elevator Association (CEA). The foundation of Matt’s success is in his reputation for the highest standards of honesty, quality, and integrity. Matt works with his clients to gain a careful understanding of their insurance needs and ensures that RBN’s team is providing value through expert advice and exceptional service.

Check out our blog, RBN Insights, for helpful insurance and risk management articles.

Matot, Inc. Welcomes Fifth Generation to Its Family-Owned Company

Samantha Kolker will assume inside sales responsibilities for the 132-year-old custom designer and manufacturer of vertical lift material handling applications. She is the great-great-granddaughter of founder Duffy Matot.

Kolker previously held sales roles at Insight Global and Grubhub. She holds bachelor’s degrees in Enterprise Leadership and Journalism and Mass Communications from the University of Iowa.

“We are excited to have Samantha enter the family business. In addition to the energy and passion Samantha brings that fit the traditional sales role, she also excels in the technical communications skills that allow us to connect with our customers in this highly virtual world,” said Cece Matot, owner and board chair.

Kolker grew up around the certified women-owned business, led by her mother, Anne Matot, and aunt Cece Matot.

“I’m incredibly honored to represent the fifth generation of the Matot family in bringing high quality lift solutions to commercial and residential projects, and to carry on the family traditions of quality and caring for our customers,” Kolker said.

Since 1888, Matot Inc. has combined old craftsmanship with new age technology to provide custom-built solutions for vertical material lift projects. The company’s collaborative approach ensures the right solution for each unique client. Centrally located just west of Chicago, Matot serves clients across North America and worldwide.

For more information, visit Matot.com or call 800-369-1070.

Prysmian Group to Acquire EHC Global

Prysmian Group world leader in the energy and telecom cable systems industry, announced that it has entered into an agreement to acquire 100% of EHC Global in a transaction valued at 130 million CAD.

Established in 1977, EHC Global is a leading manufacturer and supplier of escalator handrails, rollers, elevator belts, strategic components and integrated solutions for the vertical transportation industry. EHC Global also provides a comprehensive range of maintenance and installation services for escalators and moving walkways. The business is headquartered in Oshawa, Canada and has manufacturing and distribution locations in North America, South America, Europe and China. EHC Global generated revenues of 119 million CAD and an Adjusted EBITDA of more than 18 million CAD in 2019.

The acquisition of EHC Global is in line with Prysmian Group’s strategy to grow and reinforce its value-added businesses. EHC Global is a complementary add-on to Prysmian’s Draka Elevator business, broadening its product portfolio to include a wide range of escalator products and services.

Draka Elevator offers a portfolio of over 7,000 components for the vertical transportation industry and generated more than 250 million EUR of revenues in 2019. Draka Elevator’s specially engineered cables coupled with value-added solutions such as kitting, harnessing, connectorization and globally positioned Rapid Response Units for MRO are used by all major elevator manufacturers and service providers such as OTIS, Kone, Schindler and Thyssenkrupp. Draka Elevator’s products have been deployed in some of the world’s tallest and most iconic man-made structures, like The Shard in London, Dubai’s Burj Khalifa, Marina Bay Sands in Singapore, and Hudson Yards in New York.

The completion of the transaction is expected to occur during the fourth quarter of 2020. For more information, visit prysmiangroup.com or email lorenzo.caruso@prysmiangroup.com.
Torin Drive International Announces Rebrand

Torin Drive International LLC, based in Memphis, Tennessee, has adopted a new US registered brand - Standard Elevator Systems, to cover its extended product offerings other than elevator machines.

Under the Standard Elevator Systems brand, we will develop more integrated elevator products, technology, and solutions to become a true technology driven and field solution driven elevator sub-systems provider.

While they are looking forward to providing a more comprehensive product and service portfolio, they want to assure everyone that the caliber of the services currently offered will not be affected. In fact, there are several aspects of their business that will stay the same, including:

- **No Change in Machine Systems**: The best “Torin Drive” elevator geared and gearless machine systems will continued to be offered.

- **No Change in Entity**: Legal entity is unchanged for the time being. There is no need to worry about vendor set up changes such as the EIN #, bank information, check title and other things. Since legal entity does not change, there is no worry about any orders or agreements already in existence.

- **No Change in People**: You will continue to work with the same people – from management to sales to logistics specialists, every contact you currently have at Torin Drive International will remain unchanged.

- **No Change in Services**: Every service that has been offered in the past, will continue to be provided without disruption.

- **No Change in Prices**: Prices will remain consistent, though their expanded resource base may allow more competitive pricing options.

Check out their new web presence at standard-elevator.com!
We are excited to bring you the National Association of Elevator Contractors Healthcare Initiative Program. Our deeply discounted health insurance is an association member-only exclusive offering designed for NAEC members. It is a fantastic way to recruit and retain talent.

If you are tired of high premiums, large increases and no one to help with questions, or if you want to offer affordable benefits for the first time, this member benefit is for you. The quoting process is fairly easy. We need basic employer information, census, current plans, and current rates if you have them. We also need claims experience from your current plan, but if you can't get that, we need every employee to fill out the health questionnaire in addition to the other items above. If you don't currently offer benefits, we just need a census and the health applications. Although the health questionnaire may seem like an extra step, it is actually what brings the greatest value and lowest rates to the plans by matching the rates to your group's current status instead of just assigning a high premium to cover everything.

In order to completely launch this program as our own, we need another five groups and 100 employees to consider enrolling. This will give our exclusive health plans the credibility necessary to attract the final vendor to make our program complete. The NAEC corporate office is among the first to submit information for inclusion in this launch and we are excited to get those rates.

Please consider being part of this initial launch. We are so close to being able start providing discount health insurance as a member-only benefit for the NAEC for generations to come. For more information or a location to send your submission material, please call Fred Meijering at 972-800-0232 or email at fred@echelonrisk.com.

To complete the NAEC Health Initiative Submission kit, click the tabs on the lower left to see the census, checklist and employer information sheet.

Thank you for being a member of NAEC and thank you for taking part in the evolution of member benefits for our group.

Become QEI Certified with NAEC!
Experience an excellent opportunity to diversify and expand your qualifications, skill set and marketability.

For information, visit the NAEC QEI webpage, or contact Kathy Bell at Kathy@naec.org or (770) 760-9660.
TOE-TO-GO
Foot-Activated Elevator Call Button

The Toe-To-Go (T2G) foot-activated elevator call button allows activation of hall and car station buttons by shoe, reducing the risk of transferring germs by creating a hands-free experience.

- Robust Durable Design
- Stainless Steel or PVD Brass Finish
- Wire in Parallel to Existing Buttons
- Surface-Mount Option for Hall Station
- Keypad Option for COP
- No code alteration or submission required for modification
